REMINDER: SAFEGUARDING TRAINING (ONLINE)

NEW: Over the course of last year, churches with youth programs may have created new opportunities to engage with their youth through online video conferencing apps like Zoom. While there are no current Safeguarding modules specifically addressing online interaction with video conferencing apps, there is a module on social media safety. We recommend to anyone who works with children and young people to please review such guidelines to help protect everyone involved. Additionally, here is a video that addresses some best practices: https://www.youtube.com/watch?v=r4G26l08D40.

Our ministries to children and youth are a vital part of the mission of our church; training in the prevention, detection, and reporting of sexual abuse helps us to provide a safe environment. Safeguarding is primarily about *abuse prevention training* and is **mandatory** for those working with and around children and youth. Anyone can take these online modules at any time and at your own pace. Enrolling is simple; just follow the few steps in our short guideline document available on the diocesan website: https://docs.wixstatic.com/ugd/ca270f_efa8f4dca14f48a3ada58d6efc090309.pdf

MUSIC LICENSING

If your church offers music during services, it is important to follow all copyright guidelines, which includes maintaining a license to perform, broadcast, or print copyrighted music. Review your church's licensing agreements, and be sure to add the streaming option if you are broadcasting services online. Recommended licensing companies include <u>One License</u>, <u>Christian Copyright Licensing International</u>(CCLI), <u>Christian Copyright Solutions</u>.
